MAKE A DIFFERENCE

ACQUIRE TOMORROW'S SKILLS

CLIMATE ACTION

TBS students will be the first with expert skills in corporate climate management.

They will acquire strategies, tools and concrete methods to calculate and reduce the impact of human activity in order to take positive action to stop the process. This certificate was designed around the TBS core values of responsible and disruptive training to help companies face tomorrow's challenges.

YOU WILL LEARN TO:

- Understand and anticipate climate-linked geopolitics and energy challenges in companies.
- Scientifically calculate the climate impact of corporate decisions.
- Define and implement strategies and processes to provide an answer to this critical situation in all jobs and companies that provide ethical challenges.

CORPORATE SOCIAL RESPONSIBILITY

Become an expert in corporate ethics! Today's companies have to tackle a wide range of issues in order to define a business model that efficiently combines profitability, social wellbeing and environmental protection. Here at TBS, we make sure you're aware of the environmental, social and economic implications of corporate decisions in this high-profile training program that will challenge your ethical standards.
